

STATEMENT OF PURPOSE

Name: Sania Akter

Program: Korean Language Program (KLP)

Institution: Sookmyung Women's University

Intake: 2026

Introduction & Academic Background

My name is Sania Akter, a highly motivated student from Gazipur, Bangladesh. I am writing to formally express my passionate interest in enrolling in the Korean Language Program (KLP) at the prestigious Sookmyung Women's University for the 2026 academic year. My ultimate goal is to bridge my academic foundation in humanities with deep cultural and linguistic fluency in South Korea, a nation that stands at the global forefront of education, technology, and social innovation.

My academic journey reflects a strong work ethic and adaptability across diverse disciplines:

- **Secondary School Certificate (SSC):** In 2022, I completed my SSC under the Science group at Gazipur Police Lines School, graduating with a perfect GPA of **5.00 out of 5.00**. This phase instilled a rigorous, analytical approach to problem-solving within me.
- **Higher Secondary Certificate (HSC):** Transitioning to follow my true passion for societal frameworks and human behavior, I pursued the Humanities group at Gazipur Govt. Mohila College, graduating in 2024 with a GPA of **3.83 out of 5.00**. I demonstrated exceptional aptitude in core humanistic subjects, achieving top **A+ grades in Economics, Social Work, and Home Science**.

Language Proficiency & The Step Towards Korean

To ensure I could thrive in an international academic setting, I challenged myself by taking the IELTS Academic examination in October 2025, where I achieved an overall band score of 5.0 (CEFR B1 Level). While this proves my functional proficiency in English, I firmly believe that true integration into the academic and cultural fabric of South Korea requires total linguistic immersion. Learning the Korean language is not merely a practical skill; it is the essential first step toward understanding the nuances of Korean society, history, and institutional values.

Why Sookmyung Women's University?

Sookmyung Women's University is globally revered for empowering women to become leaders on the world stage. As a young woman aspiring to make meaningful global

contributions, the institution's motto of leadership and academic excellence deeply resonates with me.

The Korean Language Program at Sookmyung is uniquely designed to provide comprehensive linguistic training, integrating reading, writing, listening, and speaking skills with immersive cultural experiences. I am confident that the university's nurturing environment, state-of-the-art facilities, and expert faculty will provide the perfect foundation for me to transition from a beginner to a highly proficient speaker.

Financial Sponsorship & Support

I am fortunate to have the full emotional and financial backing of my family, ensuring that I can focus entirely on my studies without any financial constraints. My education is fully sponsored by my father, Rago Ahamad Shamim, a well-established and highly solvent entrepreneur in Bangladesh:

- He is the owner of the registered car rental business Jashin Enterprise and a transparent, law-abiding taxpayer.
- His official financial profiles reflect an annual income of BDT 750,000 and net wealth exceeding BDT 2.9 million.
- Furthermore, his verified savings account at **NRBC Bank PLC** holds a cash balance of **BDT 2,751,889.04 (equivalent to USD 22,427.78)** as of July 12, 2026, which is more than sufficient to comfortably cover all my tuition fees, accommodation, living expenses, and health insurance throughout my stay in South Korea.

Future Goals & Conclusion

Upon completing the Korean Language Program, I plan to leverage my language proficiency to pursue higher education in South Korea, focusing on social sciences or international development. Armed with global insights from Sookmyung Women's University and a deep understanding of the Korean language, I aim to foster stronger educational and cultural ties between South Korea and Bangladesh.

I am mature, academically driven, and fully prepared to embrace the challenges of studying abroad. I respectfully request the admissions committee to grant me the privilege of joining the Sookmyung community.

Thank you for considering my application.

Sania Akter
